

Events of the European Business Association

Every year the EBA organises a wide range of business, social, and cultural events. From trade-delegations and business trips to Christmas parties and drinks nights - EBA events are extremely popular with the foreign community in Ukraine.

All our events give EBA members a great chance to:

- meet people, friends, contacts and colleagues
- establish and enhance their presence among business and political circles in Ukraine
- promote their company's image, brand name and product
- extend their business and personal links
